LIGHTWEIGHT RADIO REMOTE STATION UPGRADE KIT

A kit is now available to upgrade the LightWeight Remote Station's switch boots to the new improved longer lasting, flexible version. This upgrade can be easily performed in the field.

Joy P/N 100157289 Upgrade Kit for LightWeight Remote Station P/N 100112672 includes:

- Joy P/N 100157286 Knob
- Joy P/N 100157287 Boot
- Joy P/N 100157288 Faceplate

Joy P/N 100157624 Upgrade Kit for LightWeight Remote Station P/N 100069220 includes:

- Joy P/N 100157286 Knob
- Joy P/N 100157287 Boot
- Joy P/N 100157623 Faceplate

The upgrade kit must be initially installed on the station. Once installed, new switch boots can be purchased for ongoing maintenance by ordering the Joy part number for boots listed above.

Note: If your unit has the "D" upgrade, indicated by the letter "D" following the serial number, you already have the latest design of boots and you will not need the kits listed above.

Units without the "D" upgrade will be automatically updated when they are returned for repair.
